Hi Tea,

Welcome to **The Daily Market**. We're pleased to have you with us and look forward to partnering with you to help your kitchen **trade better, stay stocked and grow.**

Our aim is to make getting your everyday kitchen essentials as simple and reliable as possible — from placing your order, to preparing your goods, to getting them delivered to your kitchen.

Your Account Manager

Your first point of contact for orders and product enquiries is our customer support team.

To place an order, discuss products, check availability or enquire about pricing, please communicate directly with your Account Manager.

If your Account Manager is unavailable, an alternative contact number will be provided so that your order or enquiry can still be assisted.

How Ordering Works

■ **Orders must be placed and confirmed by 7:30 AM**

To keep our delivery operation running on schedule, orders must be **placed and confirmed by 7:30 AM each day.**

To keep our delivery operation running on schedule, orders must be placed and confirmed by 7:30 AM each day.

This gives our team enough time to prepare your order and organise the day's deliveries. Orders confirmed after the daily cut-off may not be accommodated for the same day's delivery.

Payment Terms

Payment must be confirmed before delivery. The applicable payment arrangement depends on whether you are trading on standard prepaid terms or have been approved for TradeAssist buying power.

Standard Prepaid Customers

The full invoice amount must be paid, and the funds must reflect in **The Daily Market's business account by 8:00 AM on your scheduled delivery day.**

Your order will proceed for delivery once the required payment has been confirmed.

An Opportunity to Access TradeAssist Buying Power

You do not start with buying power. Customers begin by trading with The Daily Market on prepaid terms. After **two consecutive weeks of trading**, your food business may qualify for an assessment for TradeAssist.

Depending on your trading activity and approval, you may qualify for one of the following arrangements:

1. One-in-one-out
You settle one purchase before making the next purchase under the arrangement. This allows you to continue trading while keeping each purchase linked to its settlement.

2. 3-day buying power
You pay the approved upfront portion by **8:00 AM on your scheduled delivery day.** The remaining balance is then due within the approved three-day payment term.

TradeAssist is a separate business that partners with The Daily Market. Buying power is subject to assessment, approval and the terms confirmed for your food business.

Please make sure someone is available

Please ensure that **someone is present at your kitchen to receive the delivery.**

Our delivery schedule is planned around multiple kitchens, and delays at one delivery can negatively affect the schedule for the kitchens that follow.

We're here to help your kitchen grow.

At The Daily Market, we don't just want to deliver products to your kitchen. We want to become a reliable trading partner that understands your kitchen, the products you use most and the way your business operates.

As we trade together, our team can better understand your needs and help you make smarter purchasing decisions.
